SALARY PROVISIONS

a. **SALARY RATES FOR CLASSIFIED POSITIONS.** For each fiscal year beginning September 1, 1975, within the limitation of funds available for salaries of classified positions, annual salary rates for classified positions shall be in accordance with the above Classification Salary Schedules. In the event that any regulation, rule or other act of law on the part of the Federal Government prevents the use of these annual salary rates, the Governor is hereby authorized and directed to take all necessary actions to insure compliance with said regulation, rule or other act of law. Except as specifically provided by other provisions of this Act, salaries of State employees who in August 1975 are in classified positions shall be converted to the salary schedule set forth in this Act as follows:

(1) For the fiscal year 1975-1976 an employee who in August 1975 is paid at a numbered salary step in Salary Group 2 through 21 shall have his salary converted to the Salary Schedule for fiscal year 1975-1976 in this Act at the same numbered salary step in the same salary group in which he was paid in August 1975.

(2) For the fiscal year 1976-77 an employee, who in August 1976 is paid at a numbered salary step in Salary Groups 2 through 21 shall have his salary converted to the Salary Schedule for 1976-1977 in this Act at the same numbered Salary Step in the same Salary Group in which he was paid in August 1976.

b. An employee who moves, within an agency or transfers from one agency to another, from an exempt or line-item position to a classified position, shall receive an annual salary rate in the proper salary group which shall be determined by the agency head on the basis of the employee's experience and qualifications. Notice of such adjustment shall be filed with the Legislative Audit Committee when such an employee is moved to a step rate higher than the minimum rate.

c. **SALARY RATES FOR READJUSTED POSITIONS.** (1) An employee whose classified position is reallocated by this Act to a higher salary group shall receive the step 1 rate in the higher salary group or the rate which he would have received had his classified position not been reallocated, whichever rate is higher. Provided, however, an employee whose classified position is reallocated by this Act to a higher salary group, may have his salary adjusted not more than two steps higher than otherwise provided by this section. Such additional adjustment shall be for the purpose of maintaining desirable salary relationships among employees in the affected positions.

(2) An employee whose classified position is reallocated by this Act to a lower salary group shall receive the annual rate which he would have received had the position not been reallocated, not to exceed the step 8 rate of the lower salary group.

(3) It is legislative intent that all state agencies subject to the Classification Act shall review individual job assignments on September 1 of the fiscal year to insure that each position is properly classified. If it is determined that, in compliance with the Classification Act, and not contrary to the specific classification and position limitations in this Act, a position should be reclassified to a classification: (a) in a higher salary group the salary rate of the employee shall be determined in the same manner as prescribed above for reallocation to a higher salary group, or (b) in a lower salary group the salary rate of the employee shall be determined in the same manner as prescribed above for reallocation to a lower group. Nothing in this subsection shall have the effect of increasing or decreasing the specific classified positions authorized each agency by this Act.

SALARY PROVISIONS  
(Continued)

d. MERIT SALARY INCREASES. It is expressly provided that agency administrators may grant merit salary increases to classified employees whose job performance and productivity is consistently above that normally expected or required. Such merit increases shall be subject to the following restrictions:

(1) The source of funds shall be the items of appropriation in this Act for "Merit Salary Increases," or specific items of appropriation for classified salaries and wages, or appropriation items for particular programs or purposes which include salaries of classified positions.

(2) For each fiscal year of the biennium beginning September 1, 1975 the maximum monthly rate of expenditure for merit salary increases shall not exceed: (a) An amount equal to 1.7% of the total amount specifically appropriated in such fiscal year in appropriation items for salaries of classified positions divided by twelve, (b) where this Act appropriates in each fiscal year a sum or estimated amount in an appropriation item for a particular program or purpose, the maximum monthly expenditure for such merit salary increases shall not during the first year of the biennium exceed 1.7% of the average monthly payroll of the salaries of employments in classified positions for the six-month period March 1, 1975 through August 31, 1975; nor during the second year of the biennium exceed 1.7% of such average monthly payroll for the six-month period March 1, 1976 through August 31, 1976, or (c) the amount specifically appropriated for "Merit Salary Increases" divided by twelve. It is the intent of the Legislature that the maximum rates of expenditures for merit salary increases be computed separately for each year of the biennium and that such merit salary increases as may be awarded in the first fiscal year of the biennium shall not count against the maximum monthly rate of expenditure for such increases in the second fiscal year of the biennium.

(3) In cases where the Personal Services Appropriations contain a line-item entitled "Merit Salary Increases," it is legislative intent that merit salary increases be authorized for line-item positions which correspond to classified titles in Article V of this Act. Increments awarded will correspond to the step increment amounts in the Salary Schedules in Article V of this Act and it is further provided that the provisions of Section 1d, Article V, will be followed in making these awards.

(4) The Comptroller shall prescribe such accounting and reporting procedures as are necessary to insure that expenditures for merit salary increases shall not exceed the amounts authorized herein for that purpose.

(5) All Departments and Agencies shall file a report with the Governor and the Legislature at the close of each fiscal year detailing the utilization of merit funds.

e. PROMOTIONS. A promotion means a change in duty assignment of an employee within an agency from a position in one classification to a position in another classification in a higher salary group requiring higher qualifications such as a greater skill or longer experience, and involving a higher level of responsibility. When an employee is promoted to a position in a higher salary group, he will receive at least a rate one increment higher than his salary rate before promotion or the minimum rate of the new salary range, whichever is higher, and may, at the discretion of the agency administrator, receive an annual rate up to and including the rate designated by the same step number which designated his former rate.

SALARY PROVISIONS  
(Continued)

f. DEMOTIONS. Demotion means a change in duty assignment of an employee from a position in one classification to a position in another classification in a lower salary group. An employee who is demoted shall have his salary reduced at least to a rate one increment below the rate he received before demotion.

g. SALARY REDUCTION FOR DISCIPLINARY REASONS. If a classified employee's performance so warrants, the executive head may reduce his salary for disciplinary reasons to a step rate in the designated salary group no lower than the minimum step rate. The employee's pay may be restored to any step rate in the range up to and including his prior rate as such employee's performance improves.

h. SALARY RATE DETERMINATION BY INTERAGENCY TRANSFERS. If, by agreement between the employee, the head of the agency presently employing him, and the head of another agency desiring the employee's services, an employee is transferred from one State agency to another, his salary rate will be subject to the following conditions:

(1) If the new assignment is in a position in the same designated salary group as the one from which he leaves, no increase in salary may be granted by virtue of the transfer. This provision shall also apply to intra-agency transfers.

(2) Where the new position is in a lower designated salary group, the employee shall be paid at a rate determined by the Subsection above relating to "Demotions".

(3) Where the new position is in a higher salary group, the employee may be paid not more than the rate determined by the Subsection above related to "Promotions".

i. No salary adjustment authorized by this Section shall result in an employee receiving an annual salary rate in excess of the maximum rate of the salary group to which his classified position is allocated.

j. HIRING POLICIES. (1) New employees will normally be hired on step 1 of the salary range to which the position is allocated, with the following exception that department heads may make appointments at rates below Step 1 either for periods of training or to meet prevailing salaries of localities in Texas encountered by the agency in salary groups 2 through 8; provided, however, that such rates below Step 1 shall not exceed six months, and all such employees paid at rates below Step 1 will be brought to Step 1 of the designated salary range by the end of the six months period. The Comptroller of Public Accounts is directed to withhold all payment of funds for classified salaries of any agency violating this provision as long as the agency remains in violation of the terms of this provision.

(2) An employee who leaves State employment may, at the discretion of the department head, be reinstated to a vacancy in the same agency and the same position classification held immediately prior to leaving. In such case, the employee may be paid at a step rate no higher than the same salary step number that designated his annual salary rate prior to his separation, provided, however, that no employee may be reinstated at a rate higher than the maximum salary step of the designated salary group.

k. TEMPORARY ASSIGNMENT. To facilitate the work of the State agencies any classified employee may, during emergencies or other special circumstances, be temporarily assigned to other duties for periods not to exceed three months.

SALARY PROVISIONS  
(Continued)

l. EMOLUMENTS. For the purpose of conforming to the Position Classification Plan and prescribed salary ranges, boards, commissions or other executive State agencies shall set a fair value on any emoluments granted. Each institution or agency granting emoluments shall maintain with the State Comptroller a current record showing name, job title, and amount of each employee's emoluments. Unless otherwise specifically provided in this Act, the designated value of emoluments shall be deducted from the gross salary rate in determining the net monetary remuneration to which the employee is entitled.

m. RECLASSIFICATIONS. (1) As provided in the Position Classification Act of 1961, a position may be reclassified to another class of work in the Classification Plan as a result of classification audits or of program reorganizations by executive heads, or to a new classification properly established by the Classification Officer. Reclassification shall not be interpreted to mean a change in the employee's duty assignment, but only shall mean the proper definition of duties and classification of the position based upon duties actually performed by the employee; hence, a position shall be reclassified for the sole purpose of complying with the requirements of the Classification Act. Any reclassification which would result in changing the specified number of positions authorized by this Act, or which would result in placing the reclassified position in a higher salary group, shall have the prior approval of both the Classification Officer and the Legislative Audit Committee. Provided, however, that reclassifications made in accordance with this subsection shall not increase the total dollars appropriated to any agency nor increase the total number of positions authorized by this Act.

(2) If classification audits determine that positions are classified higher than is warranted by actual duty assignment, the employees occupying such positions may be subject to salary reduction under such policies and procedures as the Legislative Audit Committee may prescribe.

n. PART-TIME EMPLOYEES. Regular full-time positions paid out of funds appropriated may also be filled by part-time employees. In computing the salaries of these employees, the rates of pay shall be proportional to the rates authorized for full-time classified employment. It is further provided that part-time employees as described in this subsection shall be subject to all of the provisions of this section.

o. HOURLY EMPLOYEES. It is the intent of the Legislature that hourly employees shall receive per hour rate increases proportionate to those provided in this Act for full-time salaried classified employees.

p. PAYROLL AFFIDAVIT. The Comptroller may not issue warrants for payment of salaries out of appropriations which include salaries of classified positions until, as part of the payroll affidavit required in article 4359, V.A.C.S., there is a statement to the effect that all classified employments have been made in accordance with the Position Classification Act of 1961 or the specific classification and position limitations prescribed in this Act.

q. SALARY REPORTING. None of the funds appropriated to departments and agencies covered in Articles I through IV of this Act shall be expended for payment of salary to any person whose salary is being supplemented from other than appropriated funds until a report showing the amount and source of salary being paid from other sources has been reported to the Secretary of State.

SALARY PROVISIONS  
(Continued)

r. OTHER APPROPRIATION ITEMS. Agencies covered by Section 1 of this Article which employ personnel out of appropriation items other than those designated "Salaries of Classified Positions" shall make such employments in accordance with the provisions of the Position Classification Plan and the provisions of this Article related to classified positions. Where there is a "Schedule of Classified Positions" following an agency appropriation, such employments will be limited to such schedule in the same manner as described elsewhere in this section.

s. SCHEDULE OF CLASSIFIED POSITIONS. Except as specifically authorized elsewhere in this Act, appropriations which include salaries of classified positions shall be expended by an agency to employ personnel only in those positions listed in the "SCHEDULE OF CLASSIFIED POSITIONS" which follows the agency appropriation. Each position title authorizes one full-time position except that: (1) an Arabic numeral following the title indicates the total number of positions authorized in that title; (2) when (UL) follows the position title, an unlimited number of positions is authorized within available appropriations; and (3) when the heading, "SCHEDULE OF CLASSIFIED POSITIONS (UL)", an unlimited number of positions is authorized for each position title. Appropriations for "SALARIES OF CLASSIFIED POSITIONS" may also be used to pay the salaries of positions exempted from the Classification Plan by the Governor under authority granted in Section 2 of the Position Classification Act of 1961.

t. PERSONNEL AND PAYROLL REPORTING PROCEDURES. To facilitate pre-audit of payrolls and classification audits to assure conformity with the provisions of this Act, and to provide the Legislative Audit Committee with current information on employment and wage rate practices in the State Government, the Comptroller and the State Auditor shall jointly promulgate and issue uniform procedures for personnel and payroll reporting for all state agencies.

u. CORRECTION OF ERRORS. In the event of obvious typographical errors in listings of classified positions in this Act the Classification Officer shall, after consultation with the legislative appropriations committees' staff and with the approval of the Legislative Audit Committee, make and give notice of such corrections as may be necessary to accomplish the purposes of the Classification Act and of this Act. Where Legislative intent cannot be determined from work papers and other appropriation committee records, the Classification Officer's recommendation to the Legislative Audit Committee shall be based upon job audits.

OTHER EMPLOYMENT POLICIES AND PROVISIONS

Sec. 2. METHOD OF SALARY PAYMENTS. a. All annual salaries appropriated by this Act shall be paid in twelve (12) equal monthly installments, except as otherwise provided in Article II of this Act. Except for patrolmen and other law enforcement positions in the Department of Public Safety which shall be paid only at the annual rates stipulated in the particular language accompanying the appropriations therefor, this paragraph shall not be construed so as to prevent the head of any other agency of the State from paying less than the maximum salary rates specified in this Act for line-item positions, or the employment of part-time employees to fill regular positions provided for in this Act, so long as the salary rates for such part-time employees are proportional to the regular rates for full-time employment. The equivalent hourly rate of pay for annual employees maintaining a 40 hour work week and covered under article 5165a, Vernon's Civil Statutes, as amended, shall be determined by dividing the annual salary by 2,080. This basis applies to partial pay overtime and other special situations.

OTHER EMPLOYMENT POLICIES AND PROVISIONS  
(Continued)

When a full-time or regular part-time employee is on leave without pay, compensation for that particular pay period shall be reduced at the equivalent hourly rate of pay times the number of work hours lost by leave without pay.

Facilities of the Texas Department of Mental Health and Mental Retardation in article II and the agencies of higher education, and the schools for the blind and deaf in article IV of this Act which make contracts for less than a twelve-month period may pay salaries in equal monthly payments for the period contracted for.

b. When a State employee who receives longevity pay for law enforcement activities moves to a position in another State agency which entitles the employee to the same longevity pay he shall be granted credit for the total amount of State service contributing to eligibility for longevity salary payments.

c. No deduction shall be made from the salary or wages of any State employee who is called for jury service; nor shall such employee be required to account to the State for any fee or compensation received for jury service.

d. None of the moneys appropriated under this Act shall be used for the payment of salaries to any employee who accepts witness fees in contravention of the following provisions:

Any state official or employee called to appear in his official capacity in any judicial action or legislative investigation shall neither accept nor receive any witness fees for such a governmental appearance;

But if the appearance as a witness is not in an official capacity but is to testify from personal knowledge concerning matters related to the inquiry, then such employee or official shall be entitled to any customary witness fees;

And any state employee or official appearing as an expert witness shall be entitled to accept compensation for his appearance only when such appearance shall be made on his own time;

But this prohibition against accepting compensation shall not extend to any mileage or per diem allowance tendered to the state employee or official for expenses incurred while serving as a witness, unless the state official or employee has also made a claim for such expenses against the state, and in no instance shall there be double reimbursement for expenses.

e. OVERTIME. In order to reimburse employees for work performed in excess of the working hours required by Acts 1963, 58th Legislature, page 184, Chapter 104 (codified as Article 5165a, V.A.C.S.) it is required that compensatory time be granted at the rate of 1-1/2 times the overtime performed within the same month (pay period) that said overtime was accrued. In the case of hospital employees, said employees shall be reimbursed with compensatory time at the rate of 1-1/2 times the overtime accrued in excess of eighty (80) hours over a fourteen (14) day consecutive period.

This provision shall not apply to medical personnel and employees employed in a bona fide executive, administrative or professional capacity, including any employee employed in the capacity of academic administrative personnel or teacher in elementary or secondary schools. Compensatory time for those employees excepted from this provision shall be determined by the Administrator of the agency or institution involved. Provided, however, that any agency or institution subject to

OTHER EMPLOYMENT POLICIES AND PROVISIONS  
(Continued)

the Fair Labor Standards Act, as amended, is authorized to reimburse employees for all authorized overtime by granting compensatory time as specified above or by paying money from funds appropriated by this Act at the rate of 1-1/2 times the regular rate for the overtime performed.

Sec. 3. SALARY PAYMENT, WITHHOLDINGS, DEDUCTIONS, AND MATCHING CONTRIBUTIONS. The disbursement of moneys appropriated in this Act for salaries and wages shall be subject to the provisions of Public Law No. 68, Seventy-eighth Congress, known as the Current Tax Payment Act of 1943, and any amendments thereto. The officers and employees of agencies for which appropriations are made in this Act also are authorized to make retirement deductions in accordance with the Teachers Retirement or Employees Retirement or Judiciary Retirement Acts on payroll forms prescribed by the State Comptroller, and the Comptroller is directed to issue warrants accordingly.

In each instance in which an operating fund or account is created by the provisions of this Act, the responsible officials of the State are authorized to transfer into such operating fund or account sufficient moneys from local funds and Federal grants of funds to pay proportionally the costs of matching State employees retirement contributions, the State's share of Old Age and Survivors Insurance and the proportionate cost of premiums of policies containing Group Life, Health, Hospital, Surgical, and/or Medical Expense Insurance for retired employees and officials. Payment by the State from the designated funds on Group Insurance policy or policies for retired employees shall be limited to the amount of payment authorized for active employees. Notwithstanding any other provisions of this Act, any department or agency for which funds in this Act are appropriated shall make such transfers of funds as are necessary, except from those funds appropriated for personal services, to pay premiums for insurance for retired employees and officials as authorized in this Act.

Sec. 4. POLITICAL AID AND LEGISLATIVE INFLUENCE PROHIBITED. None of the moneys appropriated by Articles I, II, III, and IV of this Act, regardless of their source or character, shall be used for influencing the outcome of any election, or the passage or defeat of any legislative measure. This prohibition shall not be construed to prevent any official or employee of the state from furnishing to any Member of the Legislature or to any other state official or employee or to any citizen information in the hands of the employee or official not considered under law to be confidential information. Any action taken against an employee or official for compliance with this section shall subject the person initiating the action to immediate dismissal from state employment.

None of the funds appropriated in this Act shall be expended in payment of the full or partial salary of any State employee who is also the paid lobbyist of any individual, firm, association or corporation.

No employee of any State agency shall use any State-owned automobile except on official business of the State, and such employees are expressly prohibited from using such automobile in connection with any political campaign or any personal or recreational activity.

None of the moneys appropriated by this Act shall be paid to any official or employee who violates any of the provisions of this Section.

OTHER EMPLOYMENT POLICIES AND PROVISIONS  
(Continued)

The head or heads of each agency of the State shall furnish each employee of such agency with a copy of the three (3) paragraphs immediately preceding this one, and shall take a receipt therefor from each employee. The preceding sentence shall not be construed to mean that new receipts are to be obtained each year from continuing employees who have previously receipted for copies of identical provisions prohibiting political aid and legislative influence. The receipts shall be kept accessible for public inspection.

Sec. 5. PUBLICITY OF INDIVIDUALS RESTRICTED. None of the moneys appropriated under this Act shall be used by any agency of the State Government for the purpose of publicizing or directing attention to any individual official or employee of any agency of the State Government.

It is also provided that none of the moneys appropriated under this Act shall be used by any agency of the State Government for maintaining any publicity office or department, or for the employment of any person who has the title or the duties of a public relations agent, or press agent, or for paying any public relations firm or agent.

The policy and restrictions set out in this Section shall not be interpreted to prevent the head of any agency of the State, when he deems it necessary or desirable in the public interest, to issue through any of such agency's officials or employees any statement or information respecting the work, legal responsibilities, or activities of such agency. Such statement shall be issued, or such information imparted, in the name of the agency of the State and shall have attached thereto the name of the official or employee authorized to issue the same.

It is also provided that any agency of higher education may continue to maintain and operate a news and information service for the benefit of the public which has been specifically authorized and approved by the governing board of such agency of higher education.

Sec. 6. EMPLOYEE WORKING HOURS AND HOLIDAYS. It is further provided that moneys appropriated for salaries and wages in this Act shall be expended only in accordance with the following conditions and limitations, and pursuant to Article 5165a, Vernon's Civil Statutes, as amended.

a. State offices shall remain open during the noon hours each working day with at least one person on duty to accept calls, receive visitors, or transact business. The provisions of this paragraph shall not apply to executive and administrative offices of institutions of higher education.

b. Because of the congestion of traffic surrounding the Capitol area, agencies within that area may stagger the work day of their personnel within the working hours of 7:00 A.M. and 6:00 P.M., providing, however, that all agencies shall be open between the hours of 8:00 A.M. and 5:00 P.M. and maintaining the eight-hour day and 40-hour week as provided in Article 5165a, Vernon's Civil Statutes, as amended.

c. Holidays for State employees including hourly wage workers for each year covered by this Act shall be only those specified as follows: The first day of January, the 19th day of January, the third Monday in February, the second day in March, the 21st day of April, the last Monday in May, the fourth day of July, the 27th day of August, the first Monday in September, the second Monday in October, the eleventh day in November, the fourth Thursday in November, and the 25th day of December. In addition to the preceding holidays, State agencies may close on December 24 and 26, 1975 and December 24 and 27, 1976, to provide a Christmas holiday period. Holidays falling on Saturdays or Sundays shall not be observed by closing State offices on the preceding or

OTHER EMPLOYMENT POLICIES AND PROVISIONS  
(Continued)

following days except the specific days authorized for a Christmas holiday period.

Legal holidays and the Christmas holiday period to be observed by agencies of higher education and special schools under the State Board of Education shall not exceed the number of days specified in this Sub-section; and the governing boards of the various educational institutions may adjust the actual observance of such holidays as will permit efficient academic schedules.

Agencies of the State designated in Articles I, II and III of this Act shall not substitute the observance of the designated holidays unless the continuing nature of agency operations requires employees to work on a designated holiday. An employee who is required to work and who does work on any of the designated holidays shall be entitled to compensating time off to be taken on such day as may be mutually agreed upon by the employee and his supervisor.

Sec. 7. EMPLOYEES VACATIONS AND LEAVES. a. Employees of the State shall, without deduction in salary, be entitled to a vacation in each fiscal year. Such entitlement shall be earned in accordance with the following schedule.

Employees With Total State Employment Of:-----	Hours Accrued Per Month-----	Maximum Hours to Carry Forward From One Fiscal Year to Next Fiscal Year-----
0 but less than 2 years	7	168
2 but less than 5 years	8	168
5 but less than 10 years	9	168
10 but less than 15 years	10	240
15 but less than 20 years	12	240
20 and over years	14	336

An employee will earn vacation entitlement beginning on the first day of employment with the State and terminating on the last day of duty. Vacation entitlement is accrued at the applicable rate cited above. Credit for one month's accrual will be given for each month or fraction of a month of employment with the state and will be posted to each employee's leave record on the first day of employment with the state and on the first of each succeeding month of employment thereafter. Vacation with pay may not be granted until the employee has had continuous employment with the state for six (6) months, although credit will be accrued during that period.

The net balance of unused accumulated leave not to exceed the maximum cited above may be carried forward for any employee, from one fiscal year to the next fiscal year.

In computing vacation time taken, time during which any employee is excused from work because of holidays shall not be charged against the employee's vacation.

A State employee who resigns, is dismissed, or separated from State employment shall be entitled to be paid for all vacation time duly accrued.

b. Employees of the State shall, without deduction in salary, be entitled to sick leave subject to the following conditions:

OTHER EMPLOYMENT POLICIES AND PROVISIONS  
(Continued)

Sick leave entitlement shall be earned at the rate of eight (8) hours for each month or fraction of a month employment, and shall accumulate with the unused amount of such leave carried forward each month.

Sick leave with pay may be taken when sickness, injury, or pregnancy and confinement prevent the employee's performance of duty or when a member of his immediate family is actually ill. An employee who must be absent from duty because of illness shall notify his supervisor or cause him to be notified of that fact at the earliest practicable time.

To be eligible for accumulated sick leave with pay during a continuous period of more than three (3) working days, an employee absent due to illness shall send to the administrative head of his employing agency a doctor's certificate showing the cause or nature of the illness, or some other written statement of the facts concerning the illness which is acceptable to such administrative head.

Upon return to duty after sick leave the employee concerned shall, without delay, complete the prescribed application for sick leave and submit the same through proper channels to the appropriate approving authority for his consideration.

Exceptions to the amount of sick leave an employee may take may be authorized by the administrative head or heads of any agency of the State provided such exceptions are authorized on an individual basis after a review of the merits of such particular case. A statement of any such authorized exceptions or the reasons for them shall be attached to the State agency's duplicate payroll voucher for the payroll period affected by such authorized exceptions.

The foregoing provision regarding sick leave shall not apply to State institutions of higher education which had established rules in effect prior to the adoption of this Act for sick leave for the non-academic and academic staffs of such institutions, and such sick leave policies may continue to be established by the governing boards of such institutions.

A state employee who resigns, is dismissed or separated from state employment shall be entitled to be paid for one half of sick leave entitlement duly accrued.

c. The administrative head of an agency shall grant an emergency leave to an employee because of a death in the employee's family. The death of the employee's spouse, parents, brothers, sisters, grandparents and children shall constitute adequate need for emergency leave. The administrative head of the agency may make a determination on other reasons for emergency leaves and shall grant an emergency leave, when in his determination, the employee shows good cause for such leave.

d. A leave of absence with full pay shall be provided any state employee who is called to active duty with the National Guard by the Governor of Texas. State employees who are volunteer firemen shall also be granted a leave of absence with full pay to attend training schools conducted by State agencies provided such leave does not exceed five (5) working days in any one fiscal year. The leave of absence, authorized by this subsection, shall in no way be charged against the employee's vacation or sick leave privileges provided by this Act.

OTHER EMPLOYMENT POLICIES AND PROVISIONS  
(Continued)

An employee called to active duty during a national emergency by a reserve branch of the United States Armed Forces shall have a leave of absence. The leave of absence shall not affect the employee's vacation or sick leave entitlements provided by this Act, nor shall the employee lose the ability to accrue such entitlements while on active duty.

e. A state employee who transfers directly from one State agency to another, shall be given credit by the receiving agency for the unused balance of this accumulated vacation and sick leave, provided that his employment with the State is uninterrupted.

f. After exhausting leave with pay entitlements, employees taking leave due to pregnancy shall be entitled to an absence of at least six weeks without pay. The administrative head of agencies may not require that a pregnant employee take the full six weeks but may authorize additional time up to two weeks if individual circumstances so merit. Agencies of higher education are exempt from this provision only if their maternity leave policies exceed those in this Act.

g. Funds appropriated in this Act may be used to pay for all of the employee's accumulated vacation leave and for one-half of his accumulated sick leave to the estate of an employee when said employee dies while employed by the State of Texas. The payment shall be calculated in the same manner as if the employee had taken leave at the rate of compensation being paid the employee at the time of his death.

h. The administrative head or heads of each agency of the State shall require a record to be kept of the vacation and sick leave accrual and absences of each employee, and the reasons therefor whether from sickness, vacation, or leave of absence without pay. Such records shall be available for public inspection.

In the event that any regulation, rule or other act of law on the part of the Federal Government prevents the use of these vacation and sick leave rates, the Governor is hereby authorized and directed to take all necessary action to insure compliance with said regulation, rule or other act of law.

i. The State Auditor shall provide a uniform interpretation of the provisions herein contained on employee vacations and leaves, and shall report to the Governor and the Legislature any exceptions practiced by the various entities of the State Government.

Sec. 8. PAYMENTS FOR INJURIES. Pursuant to Chapter 377, Acts, 1959, Fifty-sixth Legislature, Regular Session (codified as Article 6822a), appropriations made in this Act not otherwise restricted in use by this Act may also be expended for paying necessary drug, medical, hospital and laboratory expenses for the care and treatment of any state employee injured while performing the duties of any hazardous position to which he is assigned by his state employment. For the purposes of this section, "hazardous position" shall mean one for which the regular and normal duties inherently involve the risk or peril of bodily injury or harm.

The expenditure of any appropriation for the purposes authorized by this Section shall be made only to the vendors of necessary drugs, medical, hospital or laboratory services, shall be limited to the amounts not otherwise compensated for by personal medical and hospitalization insurance and shall not exceed the amounts appropriated for the purposes stipulated in the preceding paragraphs nor result in jeopardizing the financing of the regular functions or services of the respective state agency.

OTHER EMPLOYMENT POLICIES AND PROVISIONS  
(Continued)

Requests for payment must be accompanied by a statement from the vendor indicating the amount paid by insurance and the balance due. In the event of no insurance payment, the request must be accompanied by a statement, signed by the employee or next of kin, to the effect there was no insurance in effect at the time of the injury. Request for payment shall not constitute admission of liability of the State, the Agency, or any employee.

Where a State employee has received benefits through payments by the State pursuant to this Section, and also has received other liability benefits as a consequence of the same injury, such employee shall pay to the State Treasury all sums received or paid in his behalf as damages, for medical and hospital bills, up to but not in excess of the amounts of any such payments made by the State. No agency of this State which makes payments pursuant to this Section shall present the name of any employee who has failed to comply with this paragraph to the State Comptroller for the issuance of any Treasury warrant payable to such an employee.

Sec. 9. USE OF ALCOHOLIC BEVERAGES. None of the moneys appropriated under this Act shall be used for the payment of salaries to any employee who uses alcoholic beverages while on active duty. None of the funds appropriated under this Act for travel expenses may be expended for alcoholic beverages.

Sec. 10. LIMITATIONS ON USE OF APPROPRIATED FUNDS. Funds appropriated in articles I, II, and III of this Act, or for the Central Education Agency in article IV of this Act, shall be expended only for items set out in the Comptroller's Manual of Accounts, Expenditure Classification, effective November 1, 1965, as amended, insofar that agencies expending said appropriated funds shall have existing statutory authority for such expenditures and that such expenditures are not limited or prohibited elsewhere in this Act.

It is also provided that any agency of the State specified in this Act is authorized to pay the premiums for bonding employees. Such bonds shall be of either individual position or blanket position type, as provided by House Bill No. 18, Fifty-sixth Legislature, Regular Session.

State departments and agencies covered by this Act (Articles I through VI) shall utilize funds other than those appropriated specifically for personal services to pay employee premiums on policies containing group life, health, accident, accidental death and dismemberment, disability income replacement and hospital, surgical and/or medical expense insurance. The dependents of an employee may be insured under that portion of the employee's group policy which provides for hospital, surgical and/or medical expense insurance. The State's contribution per full-time individual employee covered by any policy or policies shall not be greater than Fifteen Dollars (\$15.00) per month for each month of the insurance contract year. The method used to calculate the total yearly amount to be paid by agencies covered by this Act shall be One Hundred and Eighty Dollars (\$180) times the number of employees actually covered under any policy or policies. It is further provided that agencies shall cooperate so that employees from more than one agency may be combined under one group policy and that said policy may be held jointly by two or more agencies and paid from funds appropriated to the agencies for payment of employee insurance premiums as set out above.

OTHER EMPLOYMENT POLICIES AND PROVISIONS  
(Continued)

As compensation in addition to that otherwise provided by this Act, departments and agencies covered by this Act in Articles I through VI, are authorized to purchase and present to their respective employees at periodic intervals under such rules and regulations as have been or may be adopted by the respective agencies named hereinabove, service award pins and certifications for longevity of service and safety award pins and certificates for safe operation of State equipment and awards for such special professional achievement and other outstanding service. Such awards will be limited to lapel pins, tie clasps, plaques, loving cups, engraved certificates or other awards of a similar nature and shall be purchased through the Board of Control, the cost of which shall not be in excess of Twenty-five (\$25) per employee.

TRAVEL REGULATIONS

Sec. 11. GENERAL TRAVEL PROVISIONS. a. The amounts specifically appropriated in this Act to each agency of the State for the payment of travel expenses are intended to be and shall be the maximum amounts to be expended by employees and officials of the respective agencies. None of the moneys appropriated by this Act may be expended for travel expense unless the official travel and the reimbursement claims therefor are in compliance with the following conditions, limitations, and procedures.

b. "Designated Headquarters," as set out in Senate Bill No. 272, Fifty-sixth Legislature, shall be the area within the corporate limits of the city or town in which an employee is required to maintain his official headquarters. At a place not within the corporate limits of a city or town, his "designated headquarters" means the area within a five-mile radius of the place at which he is required to maintain his official headquarters.

c. Heads of agencies shall plan the travel of all employees under their authority so as to achieve maximum economy and efficiency. Travel expenses may be reimbursed from the appropriations made in this Act only where the purposes of travel performed are clearly for the conduct of the State's official business and in consonance with the legal responsibilities of the agency of the State represented.

None of the funds appropriated in this Act shall be used for the reimbursement for travel expenses incurred unless there is such a description in the expense account submitted to the Comptroller as to identify persons or places contacted and/or the nature of the official business of the State performed properly within the legal responsibilities of the agency; but this provision shall not contravene specific statutes providing otherwise.

Sec. 12. TRANSPORTATION ALLOWANCE. None of the moneys appropriated by this Act may be expended to reimburse costs of transportation on official business except in compliance with the following conditions, limitations, and rules:

a. The rate of such reimbursement for the employee's personally owned motor vehicles shall be sixteen cents (16¢) per mile. No additional expense incidental to the operation of such motor vehicles shall be allowed. None of the moneys appropriated for travel expense for mileage within the State of Texas for use of personally owned motor vehicles shall be expended unless the shortest route between points is used. This shall also include the use of Farm-to-Market roads.

TRAVEL REGULATIONS  
(Continued)

The maximum reimbursement for out-of-state transportation for the use of personally owned motor vehicles shall be that amount that the employee would have incurred had he taken the lowest available airline fare plus the per diem necessary to complete such flight. The determination of the allowance due owners of personally owned motor vehicles in compliance with this paragraph shall be as follows: (1) Per diem shall be determined by the use of an airline schedule which would have sufficed for the performance of the official business. (2) Expenses of transportation to airfields from points where commercial air transportation is not available shall be allowed in addition to the cost of the lowest available airline fare. (3) When additional passengers are conveyed in out-of-state trips in personally owned motor vehicles, they shall receive as their expenses per diem based on motor vehicle travel time. (4) Persons traveling to points not served by airlines shall receive mileage and per diem based on actual miles traveled and other expenses as authorized elsewhere in this Act for out-of-state travel.

The rate of reimbursement to executive heads and key officials, including members of the Legislature, for travel in their personally owned or leased airplanes within and without the boundaries of the State of Texas and between points of necessary official business shall be twenty-one (21) cents per highway mile. The rate of reimbursement for other State employees for travel in their personally owned airplanes within and without the boundaries of the State of Texas and between points of necessary official business shall be twenty-one (21) cents per highway mile.

b. An employee traveling by rented or public conveyance, or the commercial transportation company furnishing same, is entitled to a transportation allowance equal to the actual cost of necessary transportation for performing official business. The rate of reimbursement for any employee for whom funds are appropriated in this Act, for air transportation shall be the lowest available airline fare unless the lowest available airline fare is not available. This allowance shall not include federal taxes from which the employee and the State Government are legally exempt. Payment of said transportation allowance may be made by either of the following methods, upon selection by the executive head of the employing State department or agency in advance of authorized official travel:

(1) Where the employee pays for public transportation from his personal funds, receipts for such necessary transportation, excluding receipts for bus, taxi or limousine fares, shall be obtained and attached to the employee's expense account when submitted. Receipts as used in this provision shall be evidence that transportation was purchased.

(2) Executive heads of State departments and agencies may request commercial transportation companies to furnish required transportation for official business to designated officials and employees of such departments and agencies, upon the presentation to cooperating transportation companies of transportation requests approved by the head of the department or agency requesting such transportation. The transportation request shall specify the class of transportation authorized.

The cost of such transportation services shall be billed monthly to the respective departments and agencies, and paid by the Comptroller upon the submission of a purchase voucher showing the detail of such furnished transportation and the approval by the respective department or agency.

TRAVEL REGULATIONS  
(Continued)

To facilitate auditing and verification of such charges, transportation companies shall list on their billing the point of origin and point of destination of each trip and shall also show the tax of the fare charged. The State department or agency shall attach to each account a complete statement setting out in detail why each trip listed was necessary in the operation and maintenance of that department or agency.

c. No claim for public transportation will be paid unless it is in compliance with this Section.

Sec. 13. PER DIEM ALLOWANCE. None of the moneys appropriated by this Act may be expended for reimbursing the cost of meals, lodging, or subsistence expenses incurred in official travel except in compliance with the following conditions, and limitations:

a. Rates of Allowance. Each employee who travels on State business which does not require travel outside the boundaries of the State of Texas shall be allowed, in lieu of actual expenses incurred for meals and lodging, a flat per diem rate not to exceed Twenty-two Dollars (\$22).

Each employee traveling on State business outside of the boundaries of the State of Texas shall receive reimbursement for the actual cost of meals, lodging and airport parking fees, not to exceed Thirty-five Dollars (\$35.00) per day. When both in-state and out-of-state travel occur in the same calendar day, the allowance for that day shall not exceed Thirty-five Dollars (\$35.00).

b. Day defined. In computing the per diem allowance for continuous travel of more than twenty-four (24) hours, the calendar day (midnight to midnight) will be the unit, and for fractional parts of a day at the commencement or ending of such continuous travel, constituting a travel period, one-fourth ( $1/4$ ) of the rate for a calendar day will be allowed for each period of six (6) hours or fraction thereof. A fraction of a per diem period is defined to be two (2) hours or more. The four (4) parts of the calendar day for in or out-of-state travel shall be as follows:

- |                             |                             |
|-----------------------------|-----------------------------|
| (1) 12:01 a.m. to 6:00 a.m. | (2) 6:01 a.m. to 12:00 m.   |
| (3) 12:01 p.m. to 6:00 p.m. | (4) 6:01 p.m. to 12:00 p.m. |

For continuous travel of less than twenty-four (24) hours, constituting a travel period which requires the securing of lodging, such period will be regarded as commencing with the beginning of the travel and ending with the completion thereof, and the per diem allowance shall be calculated in the same manner prescribed in the preceding paragraph.

c. The out-of-state allowance shall not apply to those employees whose duties customarily require them to cross state boundary lines in carrying out their day-to-day functions connected with official state business. These employees shall be reimbursed at the rate prescribed for the regular per diem allowance.

d. An employee whose duties require travel for periods which do not require him to sleep away from his designated headquarters shall receive a partial per diem allowance for meals rather than a per diem allowance. Such partial per diem allowance shall be determined by the head of the agency and shall be based upon a reasonable estimate of the actual cost of the meals involved. In computing the partial per diem allowance, the travel period shall commence at the time the employee departs from his designated headquarters. In no event will the partial per diem allowance exceed seven dollars (\$7) per day.

TRAVEL REGULATIONS  
(Continued)

e. When conditions warrant it and under rates established by the agency, persons authorizing travel may reduce the per diem allowance for any part of an employee's travel, provided that such employee shall be notified of such reduced per diem before being allowed to incur any expense. It is the intention of this Subsection that employees whose living costs are unusually low when engaged in travel, such as those camping out, need not be paid the full per diem allowance.

A traveling State employee may return to his headquarters daily or on the weekend rather than stay out at the State's expense and by so doing the expense involved shall be considered as State business, providing however, that the actual expense involved, including per diem, mileage, or public transportation in returning to headquarters daily or on weekends, shall never exceed the per diem allowance the employee would have received had he remained at this post of duty.

State's business as is applied to daily round trips, shall be determined by computing the transportation allowance and per diem on a daily basis, including the first and last day of the trip, and when the transportation allowance and per diem for that day exceed \$22.00 per day, only \$22.00 for that day will be allowed.

Sec. 14. TRAVEL BY OFFICERS AND EMPLOYEES OF AGENCIES OF HIGHER EDUCATION. None of the moneys appropriated by this Act may be expended for official travel expense incurred by members of governing boards, executive and administrative heads, or by any employee of State agencies of higher education except for official business as approved by the appropriate governing board. Official business shall include the formal presentation of original researches by an employee, if before a national, international, regional, or state learned society, and if the travel for such purpose has been approved in advance.

For the purpose of either in-state or out-of-state travel, however, the respective governing boards may delegate their authority to authorize and approve official travel reimbursements from appropriations made in this Act, to presidents, chief executive heads, vice presidents or deans heading State systems or particular agencies of higher education, or to fiscal officers of such systems or agencies; provided that such delegations of authority shall specify the kind or nature of official travel to be approved and the termination date of such delegated authority, that such delegations are entered in the official minutes of the governing board and that a copy of such delegations is filed with the Comptroller.

Sec. 15. EXCEPTIONS TO THE PER DIEM AND TRAVEL ALLOWANCES.

a. Judicial officers authorized by law and executive heads of State agencies, including the Executive Director of the Legislative Council and Secretary of the Senate, shall be reimbursed for their actual meals, lodging and airport parking fees (exclusive of expenses related to personally owned automobiles and commercial transportation which shall be paid as provided under other sections of this article) when traveling on official business either in or out of the state:

b. Employees of the Governor's Office and employees of other State agencies designated by the Governor to represent him at governmental meetings or conferences when held out of the State shall receive actual meal, lodging, and incidental expenses. State officials and employees who travel to represent the Governor at governmental meetings or conferences may be reimbursed for their expenses out of appropriations made to the agencies by which they are employed.

Claims for reimbursements of such expenses shall be presented on forms prescribed by the Comptroller.

When traveling on official business inside the State, such Members of the Legislature shall be reimbursed for mileage on the same basis as is provided in this Act for other State officials and employees; and it is further provided that the same mileage rate shall apply to necessary travel to points within the State other than the seat of government. For necessary travel on official business outside the State, such Members of the Legislature shall be reimbursed on the basis of the lowest available airline rate of transportation except that such costs shall not include Federal taxes from which such officials are exempt, or at the same mileage rate as is prescribed above in this paragraph where a personally owned automobile or airplane is used for such travel.

Sec. 16. PRISON-PRODUCED GOODS. In order that all State agencies and institutions covered by this Act fully utilize funds herein appropriated, it is the intent of the Legislature that such agencies and institutions, shall purchase goods produced by the Texas Prison System when such goods are equal to or lower in price than goods of a comparable quality when purchased on the open market.

Sec. 17. PASSENGER VEHICLES. a. None of the moneys appropriated in this Act may be expended for the purchase, maintenance or operation of a passenger car or of airplanes designed for passenger transportation unless authority to do so is stated by the language of this Act. The list also shall be amended and corrected by such agency from time to time as the identity of passenger cars being maintained and operated within the prescribed limitation changes during the year, and none of the funds appropriated by this Act shall be available to such agency for expenditure unless and until this restriction has been complied with.

Except as specifically authorized to do so by existing statutes, none of the agencies for which appropriations are made in this Act shall accept the donation of real property or expend any of the moneys appropriated herein for the purchase of real property without the expressed permission and authorization of the Legislature. It is further provided that the institutions of higher education are specifically authorized to accept gifts or devises of real property from private sources for the establishment of scholarships, professorships, or other trusts for educational purposes, provided such property will not hereafter require appropriations by the Legislature for operation, maintenance, repair, or the construction of buildings.

Receipts from such surplus and salvage sales are to be credited to the appropriation item from which like property, equipment, livestock, or commodities would be purchased.

Sec. 23. EXCESS OBLIGATIONS PROHIBITED. No department or agency specified in this Act shall incur an obligation in excess of the amounts appropriated to it for the respective objects or purposes named. In the event this provision is violated, the State Auditor shall certify the fact and the amount of over-obligation to the Comptroller, and the Comptroller shall deduct an amount or amounts equivalent to such over-obligation from the salary or other compensation due the responsible disbursing or requisitioning officer or employee, and apply on the payment of the obligation. This provision is specified pursuant to Section 10, Article XVI, of the Constitution of Texas.

Sec. 24. DEFINITION OF U.B. The words "unexpended balance" or the abbreviation "U.B." when used in this Act means the unobligated balance left in the appropriation, and includes only that part of the appropriation, if any, which has not been set apart by the incurring of an obligation or commitment or indebtedness by the State agency in charge of spending such appropriation.

Sec. 25. REIMBURSEMENTS AND PAYMENTS. Any reimbursements received by an agency of the State for authorized services rendered to any other agency of the State Government, and any payments to an agency of the State Government made in settlement of a claim for damages, are hereby appropriated to the agency of the State receiving such reimbursements and payments for use during the fiscal year in which they are received.

The reimbursements and payments received shall be credited by the Comptroller to the agency's current appropriation items or accounts from which the expenditures of like character were originally made, or in the case of damage settlements to the appropriation items or accounts from which repairs or replacements are made; provided, however, that any refund of less than Fifty Dollars (\$50) to an institution of higher education for postage, telephone service, returned books and materials, cylinder and container deposits, insurance premiums and like items, shall be deposited to the current fund account of the institution in the State Treasury and such funds are hereby reappropriated.

In the event the amounts of Federal funds, local funds, or funds other than appropriations from the General Revenue Fund, have been estimated in this Act in sums greater than are actually received by the respective agencies of the State, this Act shall not be construed as appropriating additional funds from General Revenue to make up such differences. Sec. 32. VENDING MACHINES AUTHORIZED. Except in those areas which are now served by vendors operating under supervision of the Blind Commission, vending machines may be placed on State-owned property or in State-owned buildings only with the approval of the governing boards or commissions and such approval shall be recorded in the minutes of the body.
